Dress - The appearance of any young person is the responsibility of that individual's parent/guardian. A student's appearance is a source of pride not only to the individual, but to the family and school as well. It is recognized that a student's mode of dress reflects personal style and individual preference; however, inappropriate dress and appearance may distract or become a detriment to the educational process, and therefore, will not be tolerated. Dress will be judged in regard to its potential disruption in the learning process, health, well-being of the students, safety and moral content. **If a student's appearance is considered by the staff to be inappropriate, he/she will be asked to alter it.** The following examples are considered inappropriate; however, this inappropriateness is not limited to this list exclusively.

ATTENDANCE

Regular school attendance, in addition to being mandated by state law, is very important to your child’s education. Learning takes place on a daily basis. When absent, your child will miss many learning experiences that cannot be duplicated. However, please use good judgment and common sense when making the decision as to whether or not your child is healthy enough to come to school.

If your child must miss school, please keep in mind the following:

- Generally, an absence will qualify as excused in cases of personal illness, death of an immediate family member, and necessary medical/dental treatment.
- When a student is absent/tardy, the child must submit an excuse within 3 days of their return to school. The note can be written or sent via the online absence form (Sapphire Community Portal) on your school website any written note must include the name of the student, date of absence, reason for the absence, and signature of a parent/guardian. If the student fails to supply an excuse within three days, the absence is marked illegal. No reminders will typically be sent home requesting notes for absences
- Student attendance improvement conference (SAIC) after 4 illegal days will be scheduled. After 6 illegal days, a criminal complaint will be filed with the district justice. If continued absences accrue, students will be referred to an attendance improvement program or Children & Youth.
- Excessive absences occurring during the school year will result in attendance letters being mailed to notify you after 3 illegal days, 6 illegal days, and 10 days missed.
- After 10 days of absence, the student may be required to provide a doctor’s excuse in order for any future absences to be marked as legal.

Regardless of whether a note has been sent in, some excuses for absence are still illegal and will be marked as such even if a note is received. Some examples of these types of absences are: inclement weather, road construction, missed buses, visiting family, overslept, too tired, etc.

Unexpected family issues and emergencies may be marked excused or illegal at the discretion of the building principal.

Eight incidents of unexcused tardiness or early dismissals, regardless of number of minutes shall constitute one full day of unlawful absence.

If a student misses 15 days he/she can be disqualified from a privileged event. For example, dances, special field trips, and school sponsored events.

MCKINNEY-VENTO HOMELESS ASSISTANCE ACT

The Education for Homeless Children and Youth (EHCY) program is authorized under Title VII-B of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) (McKinney-Vento Act). The McKinney-Vento Act was originally authorized in 1987 and most recently reauthorized in December 2015 by the Every Student Succeeds Act (ESSA).¹ The McKinney-Vento Act is designed to address the challenges that homeless children and youths have faced in enrolling, attending, and succeeding in school.

Under the McKinney-Vento Act, educational agencies must ensure that each homeless child and youth has equal access to the same free, appropriate public education, including a public preschool education, as other children and youths. Homeless children and youths must have access to the educational and related services that they need to enable them to meet the same challenging State academic standards to which all students are held. In addition, homeless students may not be separated from the mainstream school environment. Local Educational Agencies are required to review and undertake steps to revise laws, regulations, practices, or policies that may act as barriers to the identification, enrollment, attendance, or success in school of homeless children and youths.

The law indicates that the LEA liaison shall ensure that all homeless children, youth and families are identified through coordinated activities with other entities.

DEFINITION:

The McKinney-Vento Act defines *homeless children* as “*individuals who lack a fixed, regular, and adequate nighttime residence.*”

This definition includes (but is not limited to) children who are:

- sharing housing due to economic hardship or loss of housing (e.g. doubled-up)
- living in motels, hotels, trailer parks, or campgrounds
- living in emergency or transitional shelters
- sleeping in places unfit for human habitation (e.g. park benches)
- living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, etc.

Unaccompanied Youth - Children or youth who meets the definition of homeless and not in the physical custody of a parent or guardian.

CORE PROVISIONS:

Designated District Liaison:

Every local education agency (LEA) must designate a liaison for students experiencing homelessness whose key duties include:

- Ensuring that homeless children and youth are identified and enrolled in school, and have a full and equal opportunity to succeed in school.
- Assisting with enrollment, arranging for transportation and free meals, monitoring school attendance.
- Providing school supplies and other related items so they can fully participate.
- Assist with accessing support services, such as, tutoring, Special Education, English Language Learning, and other resources.
- Assist students so they can participate in school activities, field trips, sports, etc.
- Ensuring that homeless children, youth, and families receive referrals to health, dental, mental health, housing, substance abuse, and other appropriate community services.
- Ensuring that unaccompanied homeless youth are informed, and receive verification, of their status as independent students for college financial aid.

STUDENT RIGHTS:

School Stability:

- Children and youth experiencing homelessness can remain in their school of origin for the duration of homelessness and until the end of an academic year in which they obtain permanent housing, if it is in their best interest.
- LEAs must make best interest determinations that presume that staying in the school of origin is in the best interest of the child or youth; consider specific student-centered factors; prioritize the wishes of the parent, guardian, or unaccompanied youth; and include a written explanation and right to appeal if the LEA determines that school stability is not in the best interest of the child or youth.
- Transportation to the school of origin is required, including until the end of the academic year when a student obtains permanent housing.

School Enrollment and Full Participation:

- Children and youth experiencing homelessness have the right to be enrolled in school of residence immediately, even if they lack documents normally required at time of enrollment or have missed application or enrollment deadlines.
- LEAs must develop, review, and revise policies to remove barriers to the identification, enrollment, and retention of homeless students in school, including barriers due to fees, fines, and absences. This includes procedures to ensure that homeless children and youth do not face barriers to accessing academic and extracurricular activities.
- If a dispute arises over eligibility, school selection or enrollment, the child or youth must be immediately enrolled in the school in which the parent, guardian or unaccompanied youth seeks enrollment, pending resolution of the dispute, including all available appeals.

Additional Rights:

- Free lunch and breakfast (if applicable).
- Free school supplies and uniforms (if applicable).
- Educational resources and support services to help children and youth experiencing homelessness reach academic success.

The Chambersburg Area School District homeless liaison is Gabriela Juarez-Lemus, and she can be reached at the following phone number and email address: 717-709-4002, gabriela.jaurezlemus@casdonline.org.

Absence from Class:

1. Unexcused/unlawful: Should a student’s absence from class be unexcused/unlawful he shall receive a grade of zero for that class.
2. Excused: Should a student’s absence from class be excused he must complete all work within a time period equal to the absence. Should a student fail to complete assigned work his grade for the nine weeks shall be withheld (W). Failure to complete assigned work during the time period the class is in session will result in an incomplete (I) for the course.
3. School related activity: Absence for a school related activity shall follow the guidelines of an excused absence.
4. Permits: Work, farm and domestic permits and other appropriate permits shall be issued in accordance with State law. Applications for permits are available at your respective building or at the administrative building.
5. Educational Trips: Educational trips are permitted. An educational trip may not exceed five (5) school days. Prior approval of the school is required. Requests should be submitted ten (10) days before the trip. Absences such as college visits, short family trips, and hunting must be pre-approved. These are all subject to educational trip guidelines.
6. Absences Involving Interscholastic Sports: Students participating in interscholastic sports must be in attendance by 10:00 AM of the school day prior to dismissal to be eligible to participate in an interscholastic event or practice that day. Exceptions for absence for educational and other reasons will be made where prior approval has been granted. Any student who is dismissed from school by the nurse or principal for illness may not participate in competition or practice that day.

EARLY SIGN-OUT PROCEDURES

Occasionally a student may have to leave before the end of the school day due to certain circumstances, i.e., medical appointment or family emergency. The procedure is:

- A note from home **MUST** be brought to the school office or attendance officers the morning of the day the student is to leave early. A student will be issued a green re-admittance slip.
- The student is to remind the teacher at the beginning of the class period as to the time to be excused for the early dismissal.
- All students are required to sign out in the school office prior to leaving the building and sign in upon returning. In every instance of leaving early, students are responsible for completing any missed class-work, homework, and/or tests. If the reason for leaving early is valid, the teacher will set a reasonable period of time to complete the work.

- Students attending medical or dental appointments are required to have the doctor sign the re-admittance slip, which is to be returned to the attendance officers.

PARENT/GUARDIAN PICK UP PROCEDURES

The Chambersburg Area School District has made the following changes for children being picked up during the school day. Individuals who are not the parent/guardian or individuals who are not on the approved pick up list for that child, must be aware of the following procedures.

- All children released during school hours must provide a hard-copy permission slip signed or an email sent from an email address we have on file by the parent/guardian of the child.
- The individual picking up the child must produce **photo identification**.
- A verification call will be made to the parent/guardian to confirm the individual's identity before any child is released. In the event the child is being picked up by someone not on the approved contact list.

Parents/guardians are encouraged to add trusted family members and individuals to their child's approved pick up list for emergency situations. This list can have as many individuals on it as the parent/guardian desires. To add someone to your child's approved pick up list, please contact the school office.

PRE-APPROVED ABSENCES

State Board Regulations provide that upon receipt of a written request for a pre-approved absence from the parents of a student involved in an educational tour or trip, the student may be excused from school attendance to participate, provided the Principal approves such absences and further provided that the student will be under the direction and supervision of an adult acceptable to both the Principal and the student, parent or guardian.

Parents desiring to have a child excused under these provisions should submit a written request on the Chambersburg Area School District Pre-Approved Absences Form through the Principal's Office, asking that the child be excused for the period under consideration.

The submission should be timed so that **at least two weeks** will be allowed for an evaluation of the request. In the event of an emergency or unexpected situation, a request for waiver of the time limit would be considered. **Students are permitted 5 educational trip days per year.**

MAKE-UP WORK DURING ABSENCES

When a student has an excused absence or expects to be absent three or more days, a parent should request the missed assignments by calling CAMS South 717-261-3385. **HOWEVER, IT IS THE RESPONSIBILITY OF THE STUDENT TO SEE HIS/HER TEACHER TO OBTAIN THE WORK AND HELP, IF NEEDED, TO MAKE UP THE CLASSWORK.** Parents should set up a time with the office of when to pick up assignments.

END OF DAY DISMISSAL

Any student, who normally rides the bus, that wishes to walk, ride a bicycle (a privilege for students), or go home in a car must bring a note to the office during morning arrival for approval. **A student who leaves school grounds is not permitted to return to school property to ride district transportation.**

TRANSPORTATION GUIDELINES

Some accidents are indirectly caused by students who distract the bus driver. A program of instruction in safe riding practices is necessary to make students aware that they are responsible for their own safety as well as the safety of others.

Good student behavior while entering, riding, or leaving the bus contributes in many ways to safe transportation. Such conduct makes it possible for the driver to give full attention to the routine matters involved in the safe operation of the bus and holds to a minimum those conditions that might cause students to be injured.

Students who ride school buses are expected to conduct themselves properly at the bus stop and on the bus. Violations of any of the regulations shall be considered either major or minor offenses to be determined by the seriousness and/or frequency of the infraction(s).

To help you as a parent to be better informed about any inappropriate bus conduct, we are promoting better communication among parents, bus drivers, and the school. The bus drivers or the bus contractors will report minor offenses directly to the parents; major offenses will be handled by the school administration. The bus driver's minor incident report is a written notification of inappropriate behavior sent directly to the parents. Parents are expected to sign the form and return it to the bus driver.

After an accumulation of minor infractions, all subsequent infractions may be considered as major infractions and be handled by the school administration. Major bus misconduct may result in a suspension of bus riding privileges from one day to thirty days per incident. Parents/guardians will be notified of major incidents in writing and with a phone call where possible. If behavior fails to improve or if the safety of others is jeopardized, the students' riding privileges may be suspended for the remainder of the year.

- **First Offense-** The bus driver will contact the parent and document date/time and number of who was contacted.
- **Second Offense-** The bus driver will contact the principal of the student's school. The principal will have a conference with the student and assign discipline.
- **Third Offense-** Major bus misconduct may result in a suspension of bus riding privileges from one day to thirty days per incident. Parents/guardians will be notified of major incidents in writing and with a phone call where possible. If behavior fails to improve or if the safety of others is jeopardized, the students' riding privileges may be suspended for the remainder of the year. The gravity of the above-mentioned may, in the judgment of the administration, justify application of a more appropriate penalty. **If transportation privileges are suspended, transportation to and from school is the responsibility of the parents and/or guardians.**
- **Dangerous Offenses or Threats to Commit Dangerous Offenses-** When a student commits an offense or threatens to commit an offense that could be injurious to him/herself, another student, or any other person (e.g. threats to do bodily harm to bus driver), the offense may be considered as a "second offense" or "third offense" by the principal and riding privileges accordingly withdrawn. In this case, the principal should immediately report to the Superintendent of Schools.
- The gravity of the above-mentioned may, in the judgment of the administration, justify application of a more appropriate penalty. If transportation privileges are suspended; transportation to and from school is the responsibility of the parents and/or guardians. Each bus is equipped with video surveillance equipment. Per District Policy 810.2 footage will be reviewed by authorized personnel only.
- Prior to the beginning of each school year, the proposed transportation schedules for that year shall be approved by the Board of Directors. Each student for whom transportation is provided shall be assigned to a route and a stop. The School District will allow for different a.m. and p.m. bus assignments, but such arrangements must remain the same each day of the week. **Students are not permitted to transfer to other stops and/or routes without approval by the Supervisor of Transportation or designee.**

**From time to time, bus drivers may use cell phones as a direct connection to the Transportation Department.*

SCHOOL BUS RIDING EXPECTATIONS

1. The bus driver is in full charge of the bus and riders at all times.
2. It is dangerous for children to move while the bus is in motion. You must not change seats while the bus is in motion or scuffle on the bus.
3. Any distraction of the driver's attention to remind you of some regulation or to answer an unnecessary question jeopardizes the safety of every student on the bus. Students must not carry on unnecessary conversations with the bus driver.
4. Students should always be ready for the bus at least five minutes before the scheduled arrival time. Changing weather and road conditions make it impossible for the bus driver to arrive at the exact time.
5. Students should wait for the bus ten feet from the roadway, and not in the traffic lanes, as prescribed in School Bus Pub. 117. When the bus is approaching the bus stop, students must remain seated until the bus comes to a complete stop.

6. **LOADING** – When students must cross the road to be picked up, the driver, after looking for approaching cars, beckons them to cross. **The students will wait for the driver’s signal and cross promptly.**
7. **UNLOADING** – At all discharge points where it is necessary for the students to cross the highway, the driver will permit you to cross in front of the bus while the red lights are flashing. Look both ways prior to crossing after receiving the driver’s signal. Cross only in front of the bus for your protection. Never cross to the rear of the bus. Be sure to cross while the red lights are flashing.
8. Students should not at any time extend their arms or heads out of the bus windows. This is a state regulation
9. You should do your part to keep the floor clear of wastepaper and dirt, and to keep the upholstery and interior finish of the bus in excellent condition.
10. Any damage to the bus should be reported to the driver immediately.
11. Cell phones/or any other non-school related communication devices are prohibited. This includes any camera and or recording devices.
12. Eating/Drinking on a school bus is prohibited.
13. Spitting or any other transfer of body fluids is prohibited.
14. Students’ personal items should not include live animals, fireworks, firearms, glass jars, pets, or any dangerous items. Gym bags, band instruments, school projects shall be held on the students’ lap and not placed in the aisle. **If an item does not fit in the student book bag or on student lap it is NOT ALLOWED on the bus.** This is for the safety of all the students riding the bus as prescribed in the Pennsylvania School Bus Handbook - Pub. 91.
15. **SCHOOL BOARD POLICY # 810 ASSIGNMENT OF STUDENTS FOR GRADES K-12**
Prior to the beginning of each school year, the proposed transportation schedules for that year shall be approved by the Board of Directors. Each student for whom transportation is provided shall be assigned to a route and a stop. The School District will allow for different a.m. and p.m. bus stops, but must remain the same for each day of the week, (5 consecutive days). **No student is permitted to get on or off at a different bus stop other than his or her assigned stop in the a.m. or p.m. Absolutely NO PINK SLIPS WILL BE GIVEN.**
16. The use of dirty, profane, or abusive language while riding the bus will not be tolerated.
17. Act 26 Violation by the State of Pennsylvania Prohibits:
 - Alcohol – Drugs – Tobacco
 - Fighting
 - Racial/Sexual harassment

HALL LOCKERS & LOCKS

Lockers remain the property of the school and the principal and assistant principals have the right at any time to search a hall locker or check it for cleanliness. During a locker search, the principal and assistant principals may seize any contraband items. Moreover, the principal and assistant principals may hold any contraband seized during a locker search as evidence in disciplinary proceedings and /or turned over to law enforcement. It is the responsibility of each individual student to keep his/her locker clean at all times. Students shall use lockers to store school related items and/or authorized personal items. Students shall not use lockers to store contraband meaning illegal or unauthorized items, items in violation of board policy, or any other item determined to be a potential threat to the safety or security of others.

A hall locker will be assigned to each student during the first week of school. Students will have the opportunity to purchase a combination lock. All locks used on lockers must be a **SCHOOL PURCHASED LOCK**. The school purchased locks facilitates admission to a locker in the event of an emergency. Locks not purchased from the school may not be used and will be cut off without reimbursement made to the student. **The school will not be responsible for articles lost or stolen from lockers whether locked, unlocked, or unattended.** Please reference **Policy 226**.

TEXTBOOKS

The school district furnishes textbooks to all students. Unreasonable damage to textbooks will result in replacement costs. Lost textbooks must be paid for or replaced immediately. The cost for lost or damaged books must be paid to the office at the time of damage or loss, and a receipt will be issued.

INTEGRATED PEST MANAGEMENT

The Chambersburg Area School District uses an Integrated Pest Management (IPM) approach for managing insects, rodents and weeds. Our goal is to protect every student from pesticide exposure by using an IPM approach to pest management. Our IPM approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources and eliminating their hiding and breeding places. We accomplish this through routine monitor the school building and grounds to detect any pests that are present. The pest monitoring team consists of our building maintenance, office and teaching staff and includes our students. Pest sightings are reported to our IPM coordinator who evaluates the “pest problem” and determines the appropriate pest management techniques to address the problem. The techniques can include increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc.

From time to time, it may be necessary to use chemicals to manage a pest problem. Chemicals will only be used when necessary, and will not be routinely applied. When chemicals are used, the school will try to use the least toxic product when possible. Applications will be made only after normal school hours. Notices will be posted in these areas 72 hours prior to application and for two days following the application.

Parents or guardians of students enrolled in the school may request prior notification of specific pesticide applications made at the school. To receive notification you must be placed on the school notification registry. **If you would like to be placed on the registry, please notify the Buildings and Ground Office in writing 721 S. 6th Street, Chambersburg, PA 17201.** Please include your email address if you would like to be notified electronically. Each year the district will prepare a new notification registry.

If a chemical application must be made to control an emergency pest problem (ex. Stinging insects); notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and anti-microbial products; self-contained baits placed in areas not accessible to students, and gel type baits placed in cracks, crevices or voids; and swimming pool maintenance chemicals.

If you have any questions, please contact the IPM coordinator at (717) 261.3405, CASD Office of Buildings & Grounds.

It is important to note that any student who helps another student to circumvent this disciplinary action is violating the Acceptable Use Policy and subject to disciplinary action as well.

CELL PHONES AND ELECTRONIC DEVICES

Students are required to fully **read** the Electronic Communication Device Board Policy 237. The policy outlines student usage guidelines regarding personal electronic devices.

[Link to Policy 237](#)

Consequences for student use/possession of cell phones/electronic devices during the school day:

- Confirmed First Offense: Phone turned in to office, 30 minute detention issued, student can collect at end of day.
- Confirmed Second Offense: Phone turned in to office, 60 minute detention issued, student can collect at end of day.
- Confirmed Third Offense: Phone turned in to office, 90 minute detention issued, student can collect at end of day.
- Confirmed Fourth Offense: Phone turned in to office, ISS is issued, student can collect at end of day.

*Additional consequences are at the discretion of administration.

If a student refuses to hand over a device to a staff member, administration will intervene. CASD police and the parent/guardian of the student will also be notified. This will result in ISS for the student and confiscation of the device.

While we are allowing students to bring their own devices to school, this does not mean that students can carry the device on their person. Cell phones are to be turned off and locked in the student's locker between 8am and 2:45pm. All parent/guardian communication to students should be handled through the main office (717-261-3385). Students are not permitted to use cell phones to text or call parents. They should report to the office to do so.

ACCIDENTS

In case of an accident, no matter how minor, the student should report it to their teacher and/or administrator immediately. In case of a severe accident or sudden acute illness, emergency care will be given and the parent/s or guardian will be notified.

ACCIDENT INSURANCE

An accident insurance policy may be purchased by any school pupil or teacher. This policy will pay bills of doctors, nurses and hospitals for services rendered during the 52-week period following the date of accident. It provides protection for any accident, which would occur going directly to or from school, on the school grounds, on a school sponsored trip, or while being transported as a member of a school organization. This insurance does not cover loss resulting from injuries sustained while the insured is traveling in or on any vehicle driven by a person under 21 years of age. It also does not cover injuries sustained as a result of practice or play on interscholastic sports. These are covered under a special sports policy. The accident insurance policy does cover intramural athletics. As with any accident, the policyholder should report all accidents to the school nurse or the supervising official immediately.

SCHOOL NURSE

The school nurse provides first aid, assists with physicals, performs height, weight, vision, scoliosis, and hearing screenings as well as maintaining health records on each student as required by the Pennsylvania Department of Health

The school nurse is available for consultation with students, parents or teachers about the health problems of students. The school nurse refers students and parent/guardians to their family doctor or dentist for diagnosis and treatment of illnesses/injuries that cannot be relieved by first aid measures. The school nurse has many other varied duties, all of which are designed to keep our students healthy and well.

MEDICATIONS

It is the procedure of the Chambersburg Area School District to administer prescription and nonprescription medications during school hours only when:

1. Failure to do so would jeopardize the health of the student.
2. The student would not be able to attend school if the medication were not made available during school hours.
3. The medication itself is necessary to guarantee successful participation in school.

Students are not permitted to have prescription or nonprescription medications in their possession at any time while in school. All students must surrender any medications to the school nurse or designated school personnel upon entering the building to avoid disciplinary action. The only exceptions are those medications permitted for a student to have in their possession by law, such as a rescue asthma inhaler, an epi-pen or medication and equipment to care for diabetes. Before a student can carry these types of medications, students must supply a signed prescription medication form in which the physician has checked and/or written a statement that the student is capable of carrying and self-administering the medication. This grants permission for the student to carry the medication while in school and on the bus.

In order to comply with the Pennsylvania Nurse Practice Act, prescription and non-prescription medications will not be administered to your child without a written order from your child's health care provider and parental permission. This necessary documentation can be completed on the Physician's Request for Administration of Prescription or Non-prescription Medication during School Hours form. This form is available from the school nurse or can be accessed on the school district website under Health Services.

When it is absolutely necessary for medication to be given during school hours, the parent or guardian must supply prescription medication in the original pharmacy labeled container and the label must match the health care providers written order. Over the counter medication must be in the original packaging and the student's name clearly written

IMMUNIZATIONS

Contact the Pennsylvania Department of Health or your child's primary care provider with any questions regarding immunization changes. Students must meet the Pennsylvania Department of Health immunization requirements.

PHYSICAL EXAMINATIONS

Pennsylvania School Laws and Rules: 24 PS 14-1402 Health Service (e): Each student must receive a comprehensive health examination in kindergarten/1st grade, 6th grade and 11th grade. The district will accept privately conducted physical exams completed within one year prior to a student's entry into kindergarten/1st grade, 6th grade and 11th grade. Each student must provide evidence of a recent physical. If you have questions, please call the school nurse at the school your child will be attending.

STUDENT ASSISTANCE PROGRAM (SAP)

A specially trained team of educators makes up our SAP team in each secondary building of Chambersburg Area School District. SAP is a program to identify students who have barriers to academic success. SAP is an intervention not a treatment program. Parental involvement is a component of the process.

GRADING SCALE

In accordance with Board Policy 213 of the Chambersburg Area School District the Administrative Regulation establishes a grading scale to be used in the Chambersburg Area School District.

The following alpha grade with its numerical scale shall be used for grading of students 6-8 for the 2024-2025 school year:

- 90-100 = A
- 89-80 = B
- 79-70 = C
- 69-60 = D
- 59-50 = F
- Lowest grade = 50

W	WITHHELD
I	INCOMPLETE

The following criteria will be used in the determination of honor roll Grades 3-8:

Distinguished Honor Roll: Students with all “A’s”

First Honor Roll: Students with an average 3.5 or higher, no grade lower than a “B”

Second Honor Roll: Students with average 3.0 or higher, no grade lower than a “C”

GRADE PROCEDURES

W’s and I’s

First, Second and Third Marking Period

A “W” should be given when the student is granted permission to do the required work but was absent for some reason that would not allow the student to complete the work by the due date (for example, extended illness, family emergency, etc.). For the first, second, and third marking periods, if the work is not made up within two weeks of when grades were due, the “W” grade should be changed to an “F”. Exceptions to this may be made with the prior approval of the building principal.
Fourth Marking Period and Final Grade

If the above occurs during the fourth marking period, a “W” should be assigned as the fourth report grade and the final grade. If the work is not made up within the two-week period, the fourth quarter grade should be changed to an “F” and the final grade changed to an “I”. If the teacher feels that the student has so much work due that it could not be completed within the two-week extension period, the teacher may assign an “F” as the fourth report grade and an “I” as the final grade. Exceptions to this may be made with the prior approval of the building principal.

During the fourth marking period when a teacher anticipates a “W” grade, a deficiency report must be sent to the parent/guardian. When a teacher assigns a “W” as an interim final grade or an “I” as a final grade, a written explanation must be submitted to the building principal and the student’s counselor.

SUMMER SCHOOL

Students and families will be informed throughout the school year about the student’s possibility of failure by the grade level counselor and administrative team.

REQUIREMENTS FOR PROMOTION

Minimal promotional guidelines for middle school students are as follows:

- Students must pass three (3) core classes and one other core or two related arts classes. Of the three required core classes, one those credits must be from math, one from English language arts, and the other from social studies or science.
- Students cannot fail a core class more than one time during the middle school years. A repeated failure will result in the student attending summer school for that core class.
- Core classes include: English language arts, math, science, and social studies.
- The recommendation of the classroom teacher shall be required for promotion or retention of a student.
- The building principal shall be assigned the final responsibility for determining the promotion or retention of each student.

CHILDREN’S ONLINE PRIVACY PROTECTION ACT (COPPA)

Parents of School-Aged Children Under the Age of 13:

Chambersburg Area School District provides our students with the most effective web-based tools and applications for learning. As such, our district utilizes several computer software applications and web-based services, operated not by the school district, but by third parties. These include programs such as Google Apps, Discovery Streaming, and websites and apps that serve as educational tools. In order for schools within the Chambersburg Area School District to continue to be able to provide your student with access to these services and tools, we must require a parent signature for third party programs.

Parental permission is in place to keep you informed. For our students to use these programs and services, certain personal identifying information might be requested by the service provider, such as the student’s name, a username, password and

occasionally a school email address. Under federal law entitled the **Children's Online Privacy Protection Act (COPPA)**, these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. A complete list of the programs with the privacy policy and terms of service for each can be found on our district website at CASD Websites and Apps located at <http://bit.ly/2X4L5Ld>.

This list will be updated throughout the school year. Instead of every website and online service contacting you personally, the law permits schools to act as the parent's agent and can consent to the collection of student information on the parent's behalf with your permission. If you have an objection to any of the tools listed, please attach and submit a written letter to your child's building principal with an opt-out request for specific tools.

STUDENT RECORDS NOTIFICATION OF RIGHTS PARENTS/ELIGIBLE STUDENTS

The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- *The right to request amendment of the student's education records that the parent of eligible student believes are inaccurate, misleading or otherwise violates the privacy rights of the student.* A parent or eligible student may request the district to amend a record s/he believes is inaccurate, misleading or violates the privacy rights of the student by clearly identifying in writing the part of the record s/he wants changed and specifying why it is inaccurate, misleading or violates the privacy rights of the student. The request shall be made to the building principal (or appropriate school official). If the district decides not to amend the record as requested, the principal will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- *The right to consent to disclosure of personally identifiable information contained in the student's education records, except to the extent that FERPA and State law authorize disclosure without consent.* Disclosure of personally identifiable information can be made without consent to the following:
 - School officials, including teachers, with legitimate need to review an education record in order to fulfill their professional responsibilities. This may include the disclosure of disciplinary information regarding conduct that posed a significant risk to the safety or well-being of the student or others. PUPIL RECORDS POLICY/PROTECTION OF PUPIL RIGHTS

The Chambersburg Area School District recognizes the need to protect the confidentiality of personally identifiable information in the education records of all students. This policy was prepared so as to insure the private rights of both the parents and the child in the collection, maintenance, release and destruction of these records. Upon request, a copy of the Pupil Records Policy is available in the Principal's Office for your inspection.

The Protection of Pupil Rights Law requires that prior written consent of a parent is needed for any survey, analysis, or evaluation of emancipated minors which reveals information about political affiliation; potentially embarrassing psychological or mental problems; sexual attitudes or behavior; self-incriminating illegal or antisocial behavior; critical appraisals of other individuals with whom student have close family relationships; legally recognized privileged relationships such as that of a lawyer, doctor, or minister; or income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

A Guide to Special Education Services and Programs

This guide lists and explains the Special Education Services and Programs available in the District.

SPECIAL EDUCATION PRE-REFERRAL PROCESS

For students who are experiencing academic and/or behavioral difficulties within the regular education environment, the following Screening/Early Intervening procedures will be implemented in all buildings:

Screening/Early Intervening Services

The Chambersburg Area School District provides screening for possible eligibility for special services through the implementation of a Core Intervention Team. The Core Intervention Team members may consist of: academic coach, principal, parents, intervention specialist, classroom teacher, school counselor, school psychologist, and/or representatives from community agencies depending on the needs of the student.

The screening process may include the following:

- A hearing and vision screening
- Screening at reasonable intervals to determine whether all students are performing based on grade-appropriate standards in core academic subjects.
- A verification that the student was provided with appropriate instruction in reading, including the essential components of reading instruction and appropriate instruction in math.
- For students with academic concerns, an assessment of the student’s performance in relation to State-approved grade level standards.
- For students with behavioral concerns, a systematic observation of the student’s behavior in the school environment where the student is displaying difficulty.
- A researched-based intervention to increase the student’s rate of learning or behavior change based on the results of assessments.
- Repeated assessments of achievement or behavior, or both, conducted at reasonable intervals, reflecting formal monitoring of student progress during the interventions.
- A determination as to whether the student’s difficulties are a result of a lack of instruction or limited English proficiency.
- A determination as to whether the student’s needs exceed the functional ability of the regular education program to maintain the student at an appropriate instructional level.
- Documentation that information about the student’s progress was periodically provided to the student’s parents.

Please note: Screening or early intervening activities do not serve as a bar to the right of a parent to request an evaluation, at any time, including prior to or during the conduct of early intervening activities.

The district offers the following services:

- Autistic Support

- Emotional Support
- Life Skills Support
- Gifted Support
- Learning Support
- Multiple Disabilities Support
- Speech/Language Support

Other special education services and programs are provided in conjunction with the Lincoln Intermediate Unit #12.

• **Instructional Support:** Every effort will be made to adapt a regular education program to your child's needs before he is evaluated for special education services. Classroom adjustments may include curricular adaptations, modifications in assignments, changes in instructional approaches, and/or changes in instructional or behavioral management approaches.

• **Due Process:** The Fourteenth Amendment to the United States Constitution ensures everyone "due process" and "equal protection" of the law. Due process is a series of steps to guarantee each student a free, appropriate public education. At each step in determining your child's need for specially designed instruction, parents are involved in the decision-making process. An explanation of your due process rights is available upon request in our schools.

• **Confidentiality:** The District ensures the confidentiality of student records in the following ways:

- Limited access to authorized school personnel for the purpose of aiding the student.
- Obtaining parental approval for release of information to all other sources.

• **Autistic Support/PDD:** Services and programs for exceptional students with a diagnosis of autism or pervasive developmental disorder (PDD).

• **Emotional Support:** Services and programs for students with inappropriate behavior and inability to develop interpersonal relationships that adversely affect educational performance over a long period of time.

• **Hearing Impaired Support:** Services and programs for students with hearing loss, ranging from mild to severe, interfering with communication.

• **Learning Support:** Services and programs for exceptional students whose primary identified need is academic support.

• **Life Skills Support:** Services and programs for exceptional students where instruction is focused primarily on functional academics and daily living.

• **Multiple Disabilities Support:** Services and programs for exceptional students who are identified as having a combination of physical and mental disabilities.

• **Physical/Occupational Therapy:** Services and programs for exceptional students with orthopedic and/or fine motor skill difficulties.

• **Speech and Language Support:** Services and programs for exceptional students whose language, voice, fluency or articulation impairments, affect communication.

• **Visually Impaired Support:** Services and programs for exceptional students with loss of vision, affecting educational performance.

• **Gifted Support:** Services and programs for gifted identified students who need curriculum enrichment and/or advancement.

How to Access Special Education Services and Programs

Parents, guardians, teachers, counselors or others identify students who may have special needs.

School teams with parents/ guardians should meet to discuss student needs. Screenings are available to guide next steps for planning forward either academically, behaviorally, or socially/emotionally which may result recommendations for intervention and /or testing. All recommendations are focused on supports in place for the student.

Written parental permission is required for a formal evaluation. At any time during the process a parent has the right to request an evaluation through the school district. A comprehensive evaluation report is developed by a certified school psychologist who determines the nature and degree of the impairment. An individual education program (IEP) team reviews the recommendations from the evaluation and determine if the student needs specially -designed instruction. If the student is eligible for services, the team develops an IEP. IEP's are reviewed and updated annually. Reevaluations are conducted bi-annually and triennially.

Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter to the Preschool Program Supervisor, Lincoln Intermediate Unit #12, 65 Billerbeck Street, New Oxford, PA 17350.

CONSENT

School entities cannot proceed with an evaluation or with the initial provision of special education and related services without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website, www.pattan.net. Once written parental consent is obtained, the district will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent evaluation at public expense.

PROGRAM DEVELOPMENT

Once the evaluation process is completed, a team of qualified professionals and the parents determine whether the child is eligible. If the child is eligible, the individualized education program (IEP) team meets, develops the program, and determines the educational placement. Once the IEP team develops the program and determines the educational placement, school district staff, charter school staff, or intermediate unit staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

CONFIDENTIALITY OF INFORMATION

The school districts, charter schools, and to some extent the intermediate unit maintain records concerning children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. Your consent, or consent of an eligible child who has reached the age of majority under State Law, must be obtained before personally identifiable information is released, except as permitted under the Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information at collection, storage, disclosure, and destruction states. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information.

FERPA affords parents and eligible students certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the School receives a request for access.
Parents or eligible students who wish to inspect the child's records should submit to the school principal, or appropriate school official, a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place in which the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the School to amend their child's or their education record should write the school principal, or appropriate school official, clearly identifying the part(s) of the record(s) they want changed and specifying why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment.
Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate education interest must be set forth in the annual notification for FERPA rights.

The following general criteria will be used to determine whether an individual is a school official who might need access to education records:

- A person employed by the agency or school in an administrative, counseling, supervisory, academic, student support service, or research position, or a support person to these positions.
- A person employed by or under contract to the agency or school to perform a special task, which could include, but is not limited to, a volunteer, contractor, consultant, attorney, auditor, medical professional, or therapist.
- A parent or student that volunteers to serve on an official committee, such as a disciplinary or grievance committee.
- A parent, student, or other volunteer assisting another school official in performing his or her tasks.

The following general criteria will be used to determine whether a legitimate educational interest exists that would allow a school official to be granted access to education records:

- The information requested is necessary for that official to perform appropriate tasks that are specified in his or her position description or by a contract agreement.
- The information is to be used within the context of official agency or school business and not for purposes extraneous to the official's areas of responsibility or to the agency or school.
- The information is relevant to the accomplishment of some task or to a determination about the student.
- The information is to be used consistently with the purposes for which the data are maintained.

Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer. (NOTE: FERPA requires a school or school district to make a *reasonable effort* to notify the parent or student of the records request unless it states in an annual notification that it intends to forward records on request or the disclosure is initiated by the parent or eligible student.)

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

The Pennsylvania Department of Education ("PDE") will destroy or have destroyed all test booklets for the Pennsylvania System of School Assessment ("PSSA"), Keystone Exams, and Pennsylvania Alternative System of Assessment ("PASA") one year from the date on which student results are delivered. PDE will also destroy or have destroyed all answer booklets for the PSSA and Keystone exams and all media recordings for the PASA three years from the date on which the assessment is completed.

For additional information related to student records, the parent can refer to the Family Education Rights and Privacy Act (FERPA).

This notice is only a summary of the Special Education services, evaluation and screening activities, and rights and protections pertaining to children with disabilities, children thought to be disabled, and their parents. For more information or to request evaluation or screening of a public or private school child, contact the responsible entity **listed** below. For preschool age children, information, screenings and evaluations requested may be obtained by contacting the intermediate unit.

DISCLOSURE OF INFORMATION

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the individual –
 - Performs an institutional service or function for which the agency or institution would otherwise use employees;
 - Is under the direct control of the agency or institution with respect to the use and maintenance of education records; and
 - Complies with the requirements governing the use and redisclosure of personally identifiable information from education records.
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student’s enrollment or transfer, subject to the requirements of making a reasonable attempt to notify the parent or eligible student at the last known address or parent of the eligible student, unless:
 - The disclosure is initiated by the parent or eligible student; or
 - The annual notification includes a notice that the agency or institution includes a notice that the agency or institution forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student’s enrollment or transfer.
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) in the parent or eligible student’s State. Disclosures under this provision may be made in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met.
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records were released.
- To organizations conducting studies for, or on behalf of, the school, in order to:
 - Develop, validate, or administer predictive tests;
 - Administer student aid programs; or
 - Improve instruction, if applicable requirements are met.

 - This information may be disclosed if the agency or institution has given public notice to parents of students in attendance and eligible student in the attendance at the agency or institution of:
 - The types of personally identifiable information that the agency or institution has designated as directory information;
 - A parent’s or eligible student’s right to refuse to let the agency or institution designate any or all of those types of information about the student as directory information; and
 - The period of time within which a parent or eligible student has to notify the agency or institution in writing that he or she does not want any or all of those types of information about the student designated as directory information.
- To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student’s case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement.
- To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions.

DIRECTORY INFORMATION

FERPA requires that the agency or institution may disclose appropriately designated “directory information” without written consent, unless you have advised the agency or institution to the contrary in accordance with agency or institution procedures. The primary purpose of directory information is to allow the agency or institution to include information from your child’s education records in certain school publications.

Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

[Note: These laws are Section 9528 of the ESEA (20 U.S.C. § 7908) and 10 U.S.C. § 503(c).]

If you do not want the agency or institution to disclose any or all of the types of information designated below as directory information from your child’s education records without your prior written consent, you must notify the School District in writing. The School District has designated the following information as directory information:

[Note: an LEA may, but does not have to, include all the information listed below.]

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- The most recent educational agency or institution attended
- Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a PIN, password, or other factor known or possessed only by the authorized user
- A student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

The school district or intermediate unit will not discriminate in employment, educational programs, or activities based on race, color, national origin, age, sex, handicap, creed, veteran status or marital status. No preschool, elementary or secondary school student enrolled in a school district or intermediate unit shall be denied equal opportunity to participate in age and program appropriate instruction or activities due to race, color, handicap, creed, national origin, marital status or financial hardship.

SAFE2SAY SOMETHING PENNSYLVANIA

Safe2Say Something is a school safety anonymous reporting system. The program teaches youth and adults how to recognize warning signs and signals, especially within social media, from individuals who may be a threat to themselves or others and to “say something” before it is too late. The system is anonymous so it's easy and completely confidential to report safety concerns to help prevent violence and tragedies.

Here’s how it works: Submit an anonymous tip report through the Safe2Say Something app, website (www.safe2saypa.org) or phone number (1-844-723-2729). A crisis center analyst will review, assess and process all reports and sends them to school administration and/or law enforcement. If needed, a crisis center analyst may contact you through an anonymous live chat for more information on a tip.

How students are graded:

- Middle school students receive approximately 22 days of Physical Education Instruction during each marking period.

 - Preparation – includes wearing of school uniform and sneakers
 - Participation
 - Effort
- Students are also evaluated with assessments on their knowledge of the content that is presented by their teacher during class on various Physical Education concepts. Examples: quizzes, group work, discussions, tests, projects, and etc.

This represents a balance between student participation and knowledge gained. Students are not only graded on what they can do, but also on what they know as with core classes.

MUSIC DEPARTMENT

Music Ensembles: CAMS students are offered the opportunity to participate in several music ensembles including Band, Chorus, Orchestra, and Jazz Band. These ensembles are scheduled during Activity Period on a six-day rotation. Band and Orchestra students have the opportunity to sing in choruses during a scheduled morning time upon school arrival. Students that choose to participate in ensembles are expected to be at all scheduled rehearsals and performances. Students will be allowed a reasonable number of cuts per semester. Homeroom teachers are asked to help students attend rehearsals. Rehearsals cannot be made up. Because participation in music is an interdependent experience, absenteeism jeopardizes the success of music groups. Each ensemble director will explain the attendance policy at the beginning of the school year.
